# ABI HD/AG Compressor Warranty Policy

All ABI HD & Agricultural A/C compressors are warrantied to be free from defective materials and/or workmanship for one year from date of installation. Included with all defective compressors must be: 1) the original copy of the ABI sales receipt; and 2) the work order showing that the following required steps were performed during installation:

- 1.) Check new compressor before Installation for clutch air gap
- 2.) Flush entire A/C system with required flush, equipment, and procedure
- 3.) Replace filter drier or accumulator
- 4.) Replace expansion valve(s) and/or orifice tube(s)
- 5.) Add correct oil & amount for balanced A/C system. New packing compressor oil to be drained / discarded)
- 6.) Check for proper airflow through both condenser and radiator, and replace either/both if needed
- 7.) Evacuate system to 29.9" of vacuum for at least 30 minutes
- 8.) Recharge system with the correct amount of R-134a or R12 refrigerant
- 9.) Certified repair technician must perform installation

**FAILURE TO PROVIDE WORK ORDER AND/OR FOLLOW THE ABOVE STEPS DURING INSTALLATION WILL VOID THE WARRANTY!**

No labor or refrigerant allowance will be given for losses involved in the installation or reinstallation of the compressor. During the warranty period, parts determined by ABI to be covered will be repaired or replaced at ABI's discretion. Approved warranties are non-refundable and will be in the form of merchandise credit. All warranties of compressors are to the original owner/purchaser only. This warranty does not cover defects caused by customer neglect, incorrect application, alteration(s), or repairs made outside the company's authorization. This limited warranty does not cover non-compressor parts (i.e. accumulators, evaporators, etc.) or labor of any kind.
